A RICH HERITAGE OF FINE FOOD
- ESTABLISHED 1981 -

// We would like to thank each and every one of you for your support of our small, family run business. Without the enduring loyalty of you, our customers, we would not be where we are today."

As a small business, we strive to provide a personal service that is second to none in the industry. We pride ourselves on going the extra mile for each and every one of you and we massively appreciate all of your positive feedback.

Smoked Scottish fish will always be at the very heart of what we do at Ardtaraig. It's what we are famous for and, for this reason, our methods have hardly changed. We still utilise traditional recipes and smoking techniques and, of course, the finest Scottish salmon, trout and herring to provide some of the highest quality smoked and cured fish available anywhere.

We are very excited to release our new speciality smoked salmon range with all new flavours for this season. Also new, our custom made and branded Scottish Oak salmon serving board packages are something we are particularly proud of. They will make a lasting impression no matter who receives them.

As for the rest? We have spent all year hunting out new and exciting products to put in our gift boxes. We hope you like the newly revised range of gift boxes as much as we did testing and creating them. And don't worry, the firm favourites are still in there too!

Peter Morkimer

Established in 1981, we have been providing our customers with the highest quality smoked Scottish salmon for over 40 years. This is what we built our name on and it is still at the heart of our business.

The simple combination of our stunning Scottish salmon and three ingredients; salt, demerara sugar & smoke, produces a delicacy that is hard to match. Rich and complex in texture and flavour, but with everything in harmony and utilising a recipe and methods that have hardly been changed for decades. This is the key to the success of our Smoked Salmon. For those of you who haven't tried it, give it a go. You won't be disappointed.

Organic Smoked Scottish Salmon

Outstanding Scottish organic salmon - A true and sustainable alternative to wild.

First start with organic Scottish salmon with the most meticulous attention to animal welfare, then add in 40 year old curing and smoking methods and finish with slicing each side by hand. In our opinion there is no better smoked Scottish salmon out there.

Ardtaraig Hot Smoked Salmon

Hot smoked is as it sounds. Smoked and cooked at the same time, our hot smoked (or hot roast) salmon is an incredibly versatile product. Flaky in texture, smoky in flavour and succulent, serve it hot or cold, in pastas, risottos, fishcakes, salads, or on canapés. We love this product. It is underrated but becoming increasingly popular as people discover its unique quality. Give it a try!

Ardtaraig Cured Gravadlax

A wonderful, herby, Scandinavian inspired flavour combined with our Scottish salmon is a match made in heaven. Marinated in a mixture of dill, demerara sugar, pepper and salt, this product is cured rather than smoked. It is a great alternative to our smoked salmon and has an addictive flavour all of its own. Smoked Scottish Rainbow Trout

Succulent and tasty, Scottish rainbow trout lends its self incredibly well to smoking.

Similar in texture to our smoked salmon, our smoked rainbow trout is more delicate in flavour and just melts in the mouth. It's a firm favourite here at Ardtaraig HQ and well worth a try.

Speciality Smoked Scottish Salmon

NEW FOR 2024

We are delighted to bring you our revised range of speciality flavoured smoked Scottish salmon. It's never easy to get right, but when done correctly our salmon pairs beautifully with complimentary flavours. It's important for us that these flavours do not overpower the stunning salmon, so they are delicate and subtle.

This year we bring you smoked Scottish salmon infused three ways. Firstly with Highland Park single malt whisky (Peter's favourite), secondly with Scottish Gin and Orange, and finally infused with chilli, (don't worry, it's not too fiery!) All three are now sliced by hand, just like our Organic Salmon for that extra special touch. You can also find our ever-popular beetroot infused gravadlax in this section.

Each whisky has its own distinctive flavour profile and Robin, our whisky expert has provided a short tasting note for each bottle to help you in your choice.

Tailor how you experience your whisky. For those active types who like a dram on the go we have a beautiful branded Ardtaraig leather hip flask. Whereas the more sedate amongst us may prefer their tippie by the fire in one of a pair of crystal dedicated whisky mixer glasses made by Glencairn Crystal. These are designed to allow the fullest tasting experience while having a dram.

As for everything else in these boxes... well they've been taste matched by Graham, whisky lover, culinary mastermind and owner of The Finnieston restaurant in Glasgow. He has ensured a flavour sensation for any whisky lover to make this box a match made in heaven.

Christmas 2024 Delivery information

At Christmas, our aim is to safely deliver our fresh produce to you or your recipients in perfect condition as close to Christmas as possible. Due to the volume of shipments we dispatch over the course of the week before Christmas, rather than offer our usual preferred delivery date system, we operate a set dispatch schedule to ensure that your goods arrive safely and in perfect condition.

You can expect your orders to arrive between December 17th and December 22nd. Please ensure you provide a telephone number (Mobile if text notification desired) for all of your recipients, and a safe place that the goods can be left if applicable. Alternatively, please consider delivering to your place of work.

Don't worry, all goods will arrive with nice long shelf lives to take you past Christmas.

If you have a preference for dates out with of our main Christmas schedule, then please let us know and we will endeavor to get your goods to their destination as close to that date as possible. If you are happy for us to operate to our schedule then please just tick "Christmas delivery" next to your orders.

CORPORATE GIFTS

At Ardtaraig, we have been helping businesses of all sizes cater for their corporate gifting requirements for many years. We have a long list of companies who we work with and have worked with over the years who would be delighted to share their experience with you.

We can create tailored, bespoke solutions to your requirements, whether for your employees or for clients and we can work to most budgets. We make the whole process as easy as possible for you, providing quick quotes, spreadsheet uploads for data and personalized messages in gift cards for each recipient. Each shipment is closely monitored until it reaches its destination.

Get in touch with Director, Peter Mortimer, today to discuss your requirements on 01292 521000 or peter@ardtaraig.com

A WORD ON SUSTAINABILITY

From sourcing our products to delivering to your door, sustainability and provenance is key to our business. We work primarily with small, local producers who have sustainability at the core of their businesses too.

All of our fish is sourced from only the very best farms situated on the North West coast of Scotland where the cold, clear waters allow for top level husbandry. None of our fish contain artificial flavourings or preservatives. The fish are hand reared and also fed by hand which allows for close observation and meticulous attention to animal welfare. Low stocking densities ensure that the fish have room to move freely and thrive.

We source most of our key packaging from within the UK and whilst we still utilise an element of plastics in our product and postal packaging, this is because in our opinion and testing, there is currently no suitable eco alternative that can ensure delivery of our goods in first class condition. We are working in partnership with the packaging industry to develop a viable eco alternative and commit to using this as soon as it becomes available.
