A RICH HERITAGE OF FINE FOOD

ARDTARAIG HAS BEEN PROVIDING OUR CUSTOMERS WITH THE FINEST QUALITY SMOKED SALMON FOR THE LAST 39 YEARS.

As a small, family run business our focus and commitment is upon providing you with the finest quality produce and an unparalleled customer service experience. You will always find us at the end of the phone to answer any questions or to take your order.

Our smoked fish products are still at the core of our business. All of our fish are responsibly sourced then lightly smoked over Oak and Beech using age-old methods and traditional brick kilns. This provides a wonderful, delicate signature smoke that does not overpower the natural flavour of our beautiful Scottish Salmon.

We also offer a wide range of delicious hampers and gift boxes designed around, and as a perfect compliment to our smoked produce. This year we have some new blue gift boxes which we hope you will like along with many of our old favourites.

We are delighted to welcome Dundonnell Smoked Salmon customers into the Ardtaraig family. We hope that we can continue Ron and Claire Palmer's exceptional customer service whilst providing you with some of the highest quality produce available.

We also have a wide range of corporate gift solutions at very competitive prices and can customise to order. Please contact me directly for enquiries of this nature.

Our commitment to providing you with the highest quality products has led us to find new, artisan and, where possible, local suppliers who are the very best at what they do. This year we are continuing to work with Shibui Tea, Rocket Monkey Roastery, Salthouse & Peppermongers, Felons Gin, Galloway Lodge Preserves, Peter's Yard, Island Bakery and Amélie Chocolates.

We hope you find something you like amongst these pages, whether as a gift for family or friends, or just for yourself.

Thank you as always for your custom.

Peter Mortimer,
Managing Director, Ardtaraig Fine Foods.

ORGANIC SMOKED SCOTTISH SALMON

Our organic salmon is of exceptional quality and retains a lovely firm texture (similar to that of wild salmon). This is largely due to low stocking densities and the position of the farm in waters with a high tidal flow rate.

The fish are exclusively fed on only natural and organic foodstuffs which is free from GMOs. There is simply no better farmed Scottish Salmon available.

Our Organic Salmon has a delicate flavour and is therefore smoked slightly differently to our Traditional Salmon. This truly lets the flavour of the fish sing. After smoking, each side is matured and then meticulously sliced by hand before being presented with great care and attention to detail.

SUSTAINABLE, DELICIOUS AND INDULGENT.... DESIETRA CAVIAR

Ardtaraig has enjoyed a close relationship with Desietra for the last few years and we are delighted that so many of you have tried their wonderful products.

Once the realms of the super rich only, this range of caviar offers something for everyone. Each type is very distinctive and wonderfully indulgent and each tin is tamper sealed and labelled according to strict CITES trading restrictions to ensure that only the very best produce reaches your door. If you haven't tried it before, a 30g tin goes a long way, but for those that love it, it might not be enough

**CD-CS**

Mother of Pearl Caviar Spoon 12cm
only sold with caviar

OSCIETRA (GUE)

The Oscieta Caviar has a nutty subtle flavour, and a full bodied grain. The good sized egg makes it impressive to the eye, colour varies from dark to light brown and turning to a golden colour from an aged Oscieta sturgeon. The back of the tin should have a GUE [Gueldenstaedtii] marking to classify it as an Oscieta Caviar.

BELUGA (HUSO HUSO)

(BY ENQUIRY ONLY)

"Simply the best and most expensive" to put it in a nutshell. The taste is the decisive factor - fine, creamy, mild and simply indescribable – that is the inimitable aroma of the Beluga caviar and certainly the reason why it has always been at the top of the caviar price range.

Genuine Beluga Caviar Huso Huso, from aquaculture is very rare and is often quoted to be a Beluga even though it is a cross breed. Beluga can only be denoted with the letters HUS on back tin label.

CD-B30	Caviar Desietra Beluga 30g	£130.40
CD-B50	Caviar Desietra Beluga 50g	£209.98

The Caviar melts pleasantly on the tongue and has a fine distinct flavour, the colour ranges from Black/Grey to Black/Brown. Baeriskaya is characterised with the classification BAE on the back label of tin.
